STRIKE FOLLOWS ORDER OF MILL

Machinery Idle at Plant of Brogdon Company.

TO HAVE CLOSED SOON

Notice Had Been Posted That Mill Would Close September 27 for Indefinite Period.

Special to The State.

Anderson, Sept. 14.—A strike is on at the Brogdon cotton mills, manufacturers of print cloth goods, and machinery in all departments is idle. Monday afternoon the management posted a notice to the effect that the mills would close September 27 for an indefinite period. No cause was assigned. Several days ago four employes were discharged and when the management refused to reinstate them representatives of the American Federation of Labor came here to make an investigation. The employes declare today that the management expected a strike and anticipated the mill by deciding to close down. The employes declare that no strike was planned but to anticipate the mill management's action and in order that the help might receive assistance from the labor union during idleness a strike was ordered for today. According to agreement they would not receive financial aid while the mill is closed other than by a strike among the help. It is stated officially that the management concluded to shut down because of the scarcity of dyestuffs and the high prices and because of trade conditions. The mills have a supply of dyestuffs but wish to conserve same until prices for colored goods advance to a price in keeping with the cost of the dyestuffs. Brogden has 575 employes and 3,000 persons are affected. The weekly pay roll is $4,000.

ASKS COOPERATION IN ENFORCING LAW

Steering Committee of Prohibition Forces Issues Appeal to the People.

Last night the steering committee of the movement for Statewide prohibition issued, through its chairman, A. Mason Dupre of Spartanburg and its secretary, D. W. Robinson of Columbia, a statement, as follows, regarding the election of yesterday:

"Notwithstanding a great many people failed to understand the issue and to fit themselves for it, yet a large number of our people have spoken their wishes through the ballot boxes. The duty now devolves on those who are good citizens to see that the prohibitory laws enacted today are enforced.

"The steering committee takes this method of expressing its deep gratification to and appreciation of the great service rendered to the cause of prohibition by so many different forces throughout the State. The press and the pulpit, the preachers, the teachers and the laymen, have all performed a veoman service in this cause. And the kindred organizations, the Women's Christian Temperance union, the Women's Prohibition league, the flying squadron of young college men, the Anti-Saloon league and the flying squadron foundation, have all rendered valiant services in the cause. We bespeak for the officers of the law the cooperation of all citizens in enforcing it and carrying forward the movement this day begun."

RESIGNS AS MAYOR

A. R. McElhaney to Move From Fort Mill.

Special to The State.

Fort Mill, Sept. 14.—A. R. McElhaney has tendered his resignation as mayor of Fort Mill to the town council, effective at once. This action became necessary in view of the fact that Mr. McElhaney is moving with his family to a farm a few miles below Rock Hill, where he expects to reside permanently.

CITY HALL NOTES

Insurance Licenses.

C. M. Asbill, watchman in charge of the license department, was appointed yesterday as a committee of one to confer with Carroll Jones and other agents of life insurance companies regarding the advisability of having a graduated scale of licenses for such companies, based on the amount of investments in Columbia, Mr. Asbill will report on the matter at a subsequent meeting.

* * *

To Suspend Speed Limit.

Council yesterday passed a first reading ordinance which would allow the Seaboard Air Line railway to be relieved from the speed limit of four miles an hour, and refuse to reinstate restrictions on the grade crossing on Elmwood avenue, "so long as the railroad maintains the present safeguards."

* * *

Police Officer Quits.

The resignation of John B. McCravey from the police department was accepted yesterday by city council.

CHOICE OF TWO WAYS IN GERMANY'S HANDS

(CONTINUED ON PAGE THREE)

dence carefully and to have made certain suggestions to his foreign office. It will probably be ten days before his reply can be received. With disavowal of the submarine commander's act, officials here feel that questions of indemnity can be left to arbitral tribunals.

Should Germany fail to satisfy the American demands for disavowal, indications tonight were that the Washington government would follow its original purpose to sever diplomatic relations

While awaiting for the next word from Berlin Secretary Lansing expects to take a few days' vacation. He probably will leave after the Pan-American conference on the Mexican situation today.

Associated Press dispatches from Berlin announcing that Ambassador Gerard had been handed a note disclaiming responsibility for the sinking of the liner Hesperian and expressing the belief that the ship struck a mine attracted comparatively little interest here. As the latest word was struck forward when well beyond the zone in which German submarines usually operate, and as no one on board saw a submarine or a torpedo, officials had not expected an issue to develop over the case.

GERMANY'S GOOD FAITH IS PRINCIPAL UESTION

(CONTINUED FROM PAGE ONE)

mander's act and reparation for the loss of the Americans who were killed.

2 The United States desires germany to interpret the word "disavow," used in Count von Bernstorff's pledge and particularly wishes Germany to explain whether it intends to restrict the new policy to only passenger carrying ships or to include all merchant vessels and freighters. The president wants unrestricted assurances

No Arbitration Yet.

Until these matters are settled the United States does not discuss with Germany the suggestion of arbitration. If Germany should concede that the submarine commander erred in sinking the Arabic and agrees to make reparation then this government would be willing to fix the amount of money that should be paid.

Count von Bernstorff, it is known, was impressed with the affidavits in possession of the state department respecting the manner in which the Arabic was attacked and volunteered, at his own instance, to send them to his government.

The ambassador is hopeful that he can induce the Berlin authorities to make a disavowal that will be satisfactory to the United States.

Streets Not Pastures.

An ordinance was introduced in city council yesterday to forbid the grazing of live stock on the streets of Columbia, whether held by some one or not." The ordinance was given its first reading

BIG MAJORITY IN LEXINGTON

County Heartily Indorses Statewide Prohibition.

WILL ENFORCE LAW

Sheriff Miller Says He Will Make County as Dry as Powder House.

Special to The State.

Lexington, Sept. 14.—Lexington county went back into the dry column by a vote of a little more than two and one-half to one today, according to the vote received from 29 out of 30 boxes. The remaining box will not carry more than 20 or 25 votes from the outside. Prohibition has received a total of 1,381 against 562 for the dispensary.

Not over 2,000 votes were cast in today's election, about one-half of the primary vote last summer. Features of today's referendum were the heavy vote against the sale of liquor in towns where dispensaries are located At Batesburg, where a dispensary was established over the protest of a large majority of the citizens, the dispensary received only 15 votes against prohibition received 154. At Leesville the dispensary received 73 against 134; Chapin, dispensary 53 against 82; Brookland, 51 to 191; Swansea, 50 to 120; Gilbert, 30 to 82; all for prohibition; Pelion, 25 against 65 for prohibition. Peak is the only town in the county to vote for dispensary that voted for whiskey by a majority, the vote being 74 for dispensary to 22 for prohibition. At Cayce the vote stood 16 to 1 in favor of prohibition. At Edmunds, the home of Senator Sharpe, who favors the dispensary, the vote was 11 to 24 in favor of prohibition, the Chairman Mr. Sharpe has ever failed to carry his precinct.

The result of today's election is due to a number of reasons, principally to the strong enforcement of the prohibition law while it was in effect two years ago, and also to the large increase in crime since the establishment of the dispensary in April, 1914. Congressman Lever's strong personal following also had much influence in today's result.

"I expect to make Lexington as dry as a powder house," said Sim J. Miller, sheriff, when told of the results here tonight. "All of this talk about not being able to enforce prohibition is the merest rot, and as a native citizen I will say to the people of this county an example of prohibition that will make every county in the State sit up and take notice. I found prohibition to be about the best law coming under my supervision when we had prohibition, and with a Statewide law there will be no need to look to the line to it more effective. Just say that so long as I am an officer of the law just so long will I see that the laws are enforced."

HEAVY AIKEN VOTE FOR PROHIBITION

County in Which Dispensary is Located Signifies Wish for Its Removal.

Special to The State.

Aiken, Sept. 14.—Practically complete returns indicate that Aiken, one of the dispensary counties, has voted for prohibition, about five to one, for prohibition.

Twenty-five out of 32 boxes give for prohibition 1,040, against prohibition 326. County jowes yet to hear from are small and will not materially affect the result.

Some striking features stand out in the Aiken vote aside from the fact that everywhere the balloting has been extremely light. The vote in the city of Aiken, the dispensary stronghold, was 218 for prohibition and 44 against. The mill towns in the Horse Creek valley all went for prohibition, although the vote at Langley was the lightest ever cast there. The vote there was 44 for prohibition and 14 against. Graniteville voted 184 for and 16 against prohibition. Vaucluse showed 31 to 16 in favor of prohibition and Bath 24 to 19 in favor of prohibition. Jackson by a majority of 9 against, voted strongly in favor of prohibition in spite of the fact that the prohibition laws are frequently and openly violated in Augusta, just across the river. The vote was 56 for and 12 against.

Of the 25 boxes heard from only four showed majorities against prohibition and the vote in these places was very light.

SPARTANBURG IS DRY

County Votes Three to One for Prohibition.

Special to The State

Spartanburg, Sept. 14.—Spartanburg county has gone three to one for Statewide prohibition. Out of 68 boxes in the county, 70 heard from tonight give for prohibition 3,180, against prohibition 1,098. Apparently about 4,500 votes were polled, about 50 per cent of the vote cast in primary elections Four boxes in the county, Arcadia, Woods Chapel, Moore and Fingerville, went solidly for prohibition. The wet boxes are Inman mill, Antioch, Crescent, Beaumont mill, Victor mill, Ark wright and Valley Falls, the city of Spartanburg went three to one for prohibition. The result in this county was never in doubt.

S. J. Nicholls was elected to congress in the general election held today throughout the Fourth district.

KILLED BY LIGHTNING

Levi Shelly Loses Life While Hauling Cotton.

Special to The State.

Marion, Sept. 14.—While hauling in a load of cotton just previous to a thunder-cloud Levi Shelly was killed outright and Will Lambert was burned by lightning this afternoon about 2 o'clock. Both mules hitched to the wagon were killed. While Lambert's burns are painful, but not serious. He was having the cotton hauled in by Shelly from the Sellers farm three miles east of Marion. Two negro cotton pickers sitting on the cotton were not injured.

D. A. R. Meeting.

San Francisco, Sept. 14.—Daughters of the American Revolution began business sessions at the Panama-Pacific exposition today. Reports from the various States were read by the vice presidents general, regents and State chairmen

Ten Cents for Cotton.

Special to The State.

Walhalla, Sept. 14.—The price of cotton on the local market reached 10 cents today. The local market this year has more buyers than usual and competition has been strong up to this time. It is expected that the price will continue good.

IDEAL TO SHOW FAMOUS PICTURE

Lois Weber's "Hypocrites" is to Be Run in Columbia Next Friday.

The Ideal theatre will show on Friday next the picture "Hypocrites" The following description is from the New York World of January 21, last:

An elaborate film spectacle called "Hypocrites" was produced last night, at Manhattan opera house, at any cost of clothes appeared to be the purpose of the author, Lois Weber, who, in her fanciful way, had fashioned a simple yet chaste story. Like one play of the year, "Hypocrites" was largely a dream.

To begin with, an elocutionary gentleman in ecclesiastical garb delivered a brief sermon on hypocrisy and then fell asleep. And in that sleep, as Shakespeare didn't say, what dreams did come! The good man saw himself as an early monk at work upon a picture of Truth—and meanwhile the audience waited for results. When Truth was unveiled the inspired artist was killed because the naked truth shocked the amateur art critics. The real truth is that Truth, in the beginning, was whitewashed, and this may serve to explain the indignation of the murderous populace. As a matter of fact, it wasn't a bad job at all, except that it betrayed a mid-Victorian suggestion of the original member of the original English pony ballet. (Or, of course, from a psychoanalyst point of view). Truth came to light again after a few thousand years had passed by, and was born for the first time in a modern church, together with his congregation, along the straight and narrow path, each with a pew to himself, and over such pitfalls as society and politics. An old-time Puritan hypocrites was silently preached all along the line, and in the end the sermon-dreamer died unfortunately on Sunday, newspaper in his hand," as the announcement on the screen humorously put it.

In all seriousness, Courtenay Foote made an impressive and dramatic figure of the monk, while Marguerite Edwards, quite innocent of clothes, sidestepped cunningly as Truth. It is a possibility that the producer, William L. Sherry, believes Truth should be left to the imagination. In any event Truth is quite out of the ordinary as far as clothes go. A very good orchestra played a muted accompaniment to the scenes and a chorus sang to the best of its ability.

The exhibition opened with a series of really fine pictures of the Northwest, entitled "Out on the Trail" contains." Not only were the scenic glories of Oregon brought out vividly, but the dangers and sports of the mountains were realized in pictures of adventurers shooting and tumbling down nature's toboggan slides, horses' manes and dogs forming streams gone mad in their downward plunges, and other exciting scenes. These mountain pictures are living works of art.

USE GROUND ROCK FOR FERTILIZER

Farmers of Florence Forced to Abandon Acid Phosphate—Tests at Experiment Station.

Special to The State.

Florence, Sept. 14.—The farmers of Florence will probably use a great deal of ground phosphate rock instead of the acid phosphate of commerce. This well known ingredient of good fertilizer has been going up rapidly and now is almost out of sight in the case of the average farmer, the price of sulphuric acid with which the rock is treated is the cause of the rise and that will not go down until the tests at the experiments at the Pee Dee experiment station through the past two years indicate that the ground rock is really a very good fertilizer, and while the authorities will not say so as yet, the case that the ground rock is really a very good fertilizer, and while the authorities will not say so as yet, the case that the ground rock is going to be satisfactory, it is understood that the University of Florida, where rock has been tested for 15 years, ground phosphate rock and ground acid phosphate rock are the very best soil builders that there are. There must be plenty of humus in the soil, however, and the rock must be ground as fine as flour. The phosphoric acid is not available in the rock as it appears, as otherwise I might never have known of it."

Major's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Call on any druggist and get a bottle. Use it as directed for ten days, if not entirely satisfied with the benefit derived, return the empty bottle to the druggist from whom you purchased it and get your money back. Major's Wonderful Remedy is sold by druggists everywhere.

The farmers want to get a good rate on this ground rock from the fields in Tennessee if possible, because Tennessee people have quoted them a very favorable price. Charleston and Florence do not seem to care to grind the crude rock, and their quotations are understood to be $11 a ton, though some was bought for $10. Tennessee has been selling at $4 a ton and in quantities will sell at less. The present freight is something over $5 a ton and the railroads have been asked to reduce that commodity and get it to the farmer cheaper. In case these requests are granted the chances are that there will be a lot of the ground rock used here for the next crop.

PROHIBITION GAINS SWEEPING VICTORY

(CONTINUED FROM PAGE ONE)

of Statewide prohibition. Barnwell went against the dispensary by three votes, and early returns from Blackville, Barnwell, Georgetown and Williamsburg indicated that they too had gone against the retention of the dispensary system. In Dorchester, with four boxes out, local option had a New York not a precinct gave a majority for local option and two, Ebenezer and McConnellville, reported solidly for prohibition. At Bamberg two boxes were provided, one for prohibitionists and one against, it being unable to conceal their choice. In Lancaster four boxes were unanimously for prohibition and four cast only one vote against it. Only one precinct, that of the Lancaster cotton mill, voted wet, the vote there being 58 against prohibition and 48 for it. Kershaw county gave a big majority against prohibition in Florence county. The towns of Saluda gave large majorities for Statewide prohibition. Many were not allowed to vote in Marion because their registration certificates were dated 1908, the New-berry city boxes, including the Newberry mill, gave prohibition 347 and 72 against. Kinards' solid vote of 25 was for prohibition and Central was unanimous for prohibition with 12 votes.

BLAIR LEE BEATEN.

Apparently Defeated in Maryland Democratic Gubernatorial Race.

Baltimore, Sept. 14.—Incomplete returns up tonight from today's Maryland primary election indicate that United States Senator Blair Lee has lost the Democratic gubernatorial nomination to State Comptroller Emerson C. Harrington of Dorchester county.

Rock, the game of games, 50c. The State Book Store.

DEATHS IN SOUTH CAROLINA

Special to The State.

Newberry, Sept. 14.—Mrs. Mary Evans Leavell, wife of Robert Leavell and daughter of Judge J. C. Evans of Cherkw, died at her home in this city last night at 11:15 o'clock, in the 54th year of her age. She is survived by two children, Robert E. Leavell of this city and Mrs. Harry O'Donnell. The funeral will take place at 4 o'clock, with religious services at the grave, to be conducted by the Rev. Robert W. Lide of Darlington. The interment will be in Rosemont cemetery.

J. Elbert Davis.

Special to The State.

Manning, Sept. 14.—J. Elbert Davis, a prominent citizen and former sheriff of this county, was found dead in the bed yesterday morning at his home in Manning, he having died suddenly some time during the night. He had been in robust health for some years past, but no special apprehension is felt as to his condition. He was 70 years of age in July, last, and his death is attributed to organic heart trouble. The coroner's inquest was killed because the naked truth shocked the amateur art critics. The real truth is that Truth, in the beginning, was whitewashed, and this may serve to explain the indignation of the murderous populace. As a matter of fact, it wasn't a bad job at all, except that it betrayed a mid-Victorian suggestion of the original member of the original English pony ballet. (Or, of course, from a psychoanalyst point of view). Truth came to light again after a few thousand years had passed by, and was born for the first time in a modern church, together with his congregation, along the straight and narrow path, each with a pew to himself, and over such pitfalls as society and politics. An old-time Puritan hypocrites was silently preached all along the line, and in the end the sermon-dreamer died unfortunately on Sunday, newspaper in his hand," as the announcement on the screen humorously put it.

In all seriousness, Courtenay Foote made an impressive and dramatic figure of the monk, while Marguerite Edwards, quite innocent of clothes, sidestepped cunningly as Truth. It is a possibility that the producer, William L. Sherry, believes Truth should be left to the imagination. In any event Truth is quite out of the ordinary as far as clothes go. A very good orchestra played a muted accompaniment to the scenes and a chorus sang to the best of its ability.

The exhibition opened with a series of really fine pictures of the Northwest, entitled "Out on the Trail" contains." Not only were the scenic glories of Oregon brought out vividly, but the dangers and sports of the mountains were realized in pictures of adventurers shooting and tumbling down nature's toboggan slides, horses' manes and dogs forming streams gone mad in their downward plunges, and other exciting scenes. These mountain pictures are living works of art.

STOMACH MISERY QUICKLY VANISHES

Your money back if you want it is the way in which all the leading druggists are selling Mi-o-na, the great dyspepsia remedy.

This is a wonderful plan, but Mi-o-na has so much merit and is so almost unfailing a specific in relieving all forms of indigestion that the dealers run but little risk in selling under a guarantee of this kind.

Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. If it doesn't, tell your druggist that you want your money back and he will cheerfully refund it.

A change for the better will be seen with the first few doses of Mi-o-na, and a continued use will soon start you on the road to perfect digestion and complete health.

Mi-o-na has been so uniformly successful that every box is sold under a positive guarantee to refund the money if it does not relieve. What fairer proposition could be made?

You can get Mi-o-na at this moment at back guarantee from practically every druggist in this vicinity, including Taylor Drug Co., Columbia.—Advertisement

Professional Card.

Dr. Henry Horlbeck will be out of the city until September 22, 1915.

NOTICE TO LIQUOR DEALERS.

Office of Richland County Dispensary

Columbia, S. C., Sept. 13th, 1915.

Bids are hereby requested in accordance with the terms of the dispensary law and the forms following, for bonding and quantities of liquors, wines and malt articles herein enumerated, to be furnished to the State of South Carolina for the use of the county in Columbia:

10 to 1,000 barrels 100 proof yellow corn, different grades.

100 to 500 barrels 100 proof rye, different grades.

10 to 200 barrels 100 proof gin, different grades.

5 to 100 barrels proof rum, different grades.

5 to 50 barrels domestic wines

5 to 50 barrels imported wines

1 to 10 barrels alcohol.

Bids will also be received for case goods in quarts, pints and half pints, including rye, corn, Scotch whiskey, brandy, gin, rum, cider and wines in quantities for each kind, of from 10 to 500 cases.

Bids will also be received for glass, corks, tin foil and all other needed supplies for the county dispensary.

Bids will also be received for bulk beer in quantities of from 100 to 1,000 barrels and for export beer in quarts and pints in quantities for each kind of from 100 to 1,000.

Bids for case goods, brandies and gins in bulk to be shipped direct from the distillery warehouses.

Bonds will be furnished in compliance with and subject to the terms and conditions of the dispensary law of 1907 and 1915, and the rules of the following rules:

1. All bids shall be sealed and there shall be no alias or mark upon the envelops indicating the name of the bidder.

2. All bids must be sent by registered mail or express to P. H. Spigner, chairman Richland county dispensary, at Columbia, S. C., on or before noon on the 16th day of October, 1915.

3. Bids will now be opened by the board of the lowest responsible bidder on each kind, the board reserving the right to reject any or all bids and to bid in any part of bids.

4. The board reserves the right to increase any contract or any part of any contract for liquors, wines, beer or supplies to be furnished this board for the quarter following.

5. The board reserves the right to reject any or all bids or entire bid or any part of any contract for liquors, wines, beer or supplies to be furnished the board.

6. Bids must show proof of case goods as well as proof on bulk goods.

All case goods to be delivered f. o. b. freight prepaid, Columbia, S. C., to be paid for within 60 days' time, and bulk goods to be delivered in our warehouse.

Bids will be opened at the office of the county dispensary board, 1220 Pulaski street, Columbia, S. C.

DEATHS IN SOUTH CAROLINA

Special to The State.

Newberry, Sept. 14.—Mrs. Mary Evans Leavell, wife of Robert Leavell and daughter of Judge J. C. Evans of Cherkw, died at her home in this city last night at 11:15 o'clock, in the 54th year of her age. She is survived by two children, Robert E. Leavell of this city and Mrs. Harry O'Donnell. The funeral will take place at 4 o'clock, with religious services at the grave, to be conducted by the Rev. Robert W. Lide of Darlington. The interment will be in Rosemont cemetery.

J. Elbert Davis.

Special to The State.

Manning, Sept. 14.—J. Elbert Davis, a prominent citizen and former sheriff of this county, was found dead in the bed yesterday morning at his home in Manning, he having died suddenly some time during the night. He had been in robust health for some years past, but no special apprehension is felt as to his condition. He was 70 years of age in July, last, and his death is attributed to organic heart trouble. The coroner's inquest was killed because the naked truth shocked the amateur art critics. The real truth is that Truth, in the beginning, was whitewashed, and this may serve to explain the indignation of the murderous populace. As a matter of fact, it wasn't a bad job at all, except that it betrayed a mid-Victorian suggestion of the original member of the original English pony ballet. (Or, of course, from a psychoanalyst point of view). Truth came to light again after a few thousand years had passed by, and was born for the first time in a modern church, together with his congregation, along the straight and narrow path, each with a pew to himself, and over such pitfalls as society and politics. An old-time Puritan hypocrites was silently preached all along the line, and in the end the sermon-dreamer died unfortunately on Sunday, newspaper in his hand," as the announcement on the screen humorously put it.

In all seriousness, Courtenay Foote made an impressive and dramatic figure of the monk, while Marguerite Edwards, quite innocent of clothes, sidestepped cunningly as Truth. It is a possibility that the producer, William L. Sherry, believes Truth should be left to the imagination. In any event Truth is quite out of the ordinary as far as clothes go. A very good orchestra played a muted accompaniment to the scenes and a chorus sang to the best of its ability.

The exhibition opened with a series of really fine pictures of the Northwest, entitled "Out on the Trail" contains." Not only were the scenic glories of Oregon brought out vividly, but the dangers and sports of the mountains were realized in pictures of adventurers shooting and tumbling down nature's toboggan slides, horses' manes and dogs forming streams gone mad in their downward plunges, and other exciting scenes. These mountain pictures are living works of art.

USE GROUND ROCK FOR FERTILIZER

Farmers of Florence Forced to Abandon Acid Phosphate—Tests at Experiment Station.

Special to The State.

Florence, Sept. 14.—The farmers of Florence will probably use a great deal of ground phosphate rock instead of the acid phosphate of commerce. This well known ingredient of good fertilizer has been going up rapidly and now is almost out of sight in the case of the average farmer, the price of sulphuric acid with which the rock is treated is the cause of the rise and that will not go down until the tests at the experiments at the Pee Dee experiment station through the past two years indicate that the ground rock is really a very good fertilizer, and while the authorities will not say so as yet, the case that the ground rock is going to be satisfactory, it is understood that the University of Florida, where rock has been tested for 15 years, ground phosphate rock and ground acid phosphate rock are the very best soil builders that there are. There must be plenty of humus in the soil, however, and the rock must be ground as fine as flour. The phosphoric acid is not available in the rock as it appears, as otherwise I might never have known of it."

Major's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Call on any druggist and get a bottle. Use it as directed for ten days, if not entirely satisfied with the benefit derived, return the empty bottle to the druggist from whom you purchased it and get your money back. Mayr's Wonderful Remedy is sold by druggists everywhere.

The farmers want to get a good rate on this ground rock from the fields in Tennessee if possible, because Tennessee people have quoted them a very favorable price. Charleston and Florence do not seem to care to grind the crude rock, and their quotations are understood to be $11 a ton, though some was bought for $10. Tennessee has been selling at $4 a ton and in quantities will sell at less. The present freight is something over $5 a ton and the railroads have been asked to reduce that commodity and get it to the farmer cheaper. In case these requests are granted the chances are that there will be a lot of the ground rock used here for the next crop.

PROHIBITION GAINS SWEEPING VICTORY

(CONTINUED FROM PAGE ONE)

of Statewide prohibition. Barnwell went against the dispensary by three votes, and early returns from Blackville, Barnwell, Georgetown and Williamsburg indicated that they too had gone against the retention of the dispensary system. In Dorchester, with four boxes out, local option had a New York not a precinct gave a majority for local option and two, Ebenezer and McConnellville, reported solidly for prohibition. At Bamberg two boxes were provided, one for prohibitionists and one against, it being unable to conceal their choice. In Lancaster four boxes were unanimously for prohibition and four cast only one vote against it. Only one precinct, that of the Lancaster cotton mill, voted wet, the vote there being 58 against prohibition and 48 for it. Kershaw county gave a big majority against prohibition in Florence county. The towns of Saluda gave large majorities for Statewide prohibition. Many were not allowed to vote in Marion because their registration certificates were dated 1908, the Newberry city boxes, including the Newberry mill, gave prohibition 347 and 72 against. Kinards' solid vote of 25 was for prohibition and Central was unanimous for prohibition with 12 votes.

BLAIR LEE BEATEN.

Apparently Defeated in Maryland Democratic Gubernatorial Race.

Baltimore, Sept. 14.—Incomplete returns up tonight from today's Maryland primary election indicate that United States Senator Blair Lee has lost the Democratic gubernatorial nomination to State Comptroller Emerson C. Harrington of Dorchester county.

Rock, the game of games, 50c. The State Book Store.

STOMACH MISERY QUICKLY VANISHES

Your money back if you want it is the way in which all the leading druggists are selling Mi-o-na, the great dyspepsia remedy.

This is a wonderful plan, but Mi-o-na has so much merit and is so almost unfailing a specific in relieving all forms of indigestion that the dealers run but little risk in selling under a guarantee of this kind.

Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. If it doesn't, tell your druggist that you want your money back and he will cheerfully refund it.

A change for the better will be seen with the first few doses of Mi-o-na, and a continued use will soon start you on the road to perfect digestion and complete health.

Mi-o-na has been so uniformly successful that every box is sold under a positive guarantee to refund the money if it does not relieve. What fairer proposition could be made?

You can get Mi-o-na at this moment at back guarantee from practically every druggist in this vicinity, including Taylor Drug Co., Columbia.—Advertisement

Professional Card.

Dr. Henry Horlbeck will be out of the city until September 22, 1915.

NOTICE TO LIQUOR DEALERS.

Office of Richland County Dispensary

Columbia, S. C., Sept. 13th, 1915.

Bids are hereby requested in accordance with the terms of the dispensary law and the forms following, for bonding and quantities of liquors, wines and malt articles herein enumerated, to be furnished to the State of South Carolina for the use of the county in Columbia:

10 to 1,000 barrels 100 proof yellow corn, different grades.

100 to 500 barrels 100 proof rye, different grades.

10 to 200 barrels 100 proof gin, different grades.
